COURT REPORTING EXPERIENCE:

- **14 years official court reporter (1975 – 1989)**
 - **Aberdeen, South Dakota - Circuit Court**
 - Jury and court trials of every kind, criminal and civil, in a high-volume court
 - Including grand jury, divorce, patent, murder, construction, tort
 - Special interest group proceedings and depositions outside of court work
 - Did all my own transcribing of proceedings
 - Began computer-aided transcription in 1983 with TomCAT software
- **20+ years freelance court reporter (1989 – present)**
 - **Washington, D.C.; Maryland; Virginia; nationwide; international (1989 – 2001)**
 - Commercial litigation, medical malpractice, intellectual property, daily-delivery and instant delivery trials of varying degrees of technical terminology
 - Ended up specializing in realtime hookups, expedited delivery requests, patent cases, asbestos experts, medical experts and trials in federal and state courts
 - Also traveled to other states, Canada, Puerto Rico for various court reporting firms
 - 1993 changed computer software to Eclipse, and am currently up-to-date with all upgrades
 - **South Florida; nationwide; international (2001 – 2005)**
 - In addition to continuing my freelance reporting, co-owner of a court reporting firm while in Florida
 - Jobs gravitated to technical arbitration work and patent work
 - **Los Angeles and San Francisco, California; nationwide (2005 – 2006)**
 - Antitrust, entertainment litigation, commercial litigation, asbestos expert and party testimony, with realtime hookups a usual occurrence and expedited and daily transcripts nearly every job
 - Freelanced throughout the U.S. for several court reporting firms
 - **Costa Rica, Central America; United States; international (2006 – present)**
 - Fly to U.S. for work several months out of the year (8 months in 2009)
 - Most recent international experience in Central America and Dominican Republic
 - Spanish-speaking abilities ever-improving living in Latin America

CART EXPERIENCE – COMMUNICATION ACCESS REALTIME TRANSLATION:

- **25 years (1983 – Present, not on a regular basis)**
 - SHHH – Self Help for Hard of Hearing People monthly meetings
 - NF, Inc. – Neurofibromatosis, Inc. annual and east coast regional meetings
 - Many meetings and conventions for deaf and hard of hearing people over the years
 - About half the CART projects have been pro bono

DETAILS:

- Certified LiveNote Reporter (CLR), trained and experienced in writing realtime streams to laptop connections and online connections, and troubleshooting clients' hardware and software. Recertified in mid 2009.
- Specializing in complex technical litigation and terminology
- Especially enjoys daily, same-day and expedited transcript turnaround, including trials, arbitrations and depositions – spent years and years as an official reporter ... no surprises ...
- Taking pride in **on-time, quality transcripts**
- **99.5+** percent interactive realtime translation – as close to a final transcript as I can get!
- Rough drafts available onsite or e-mailed to client immediately after depositions
 - Transcripts formatted in a plain text (.txt), E-Transcript (.ptx or .exe), Min-U-Script (.pdf), Word (.doc), and other formats to accommodate your software
 - Delivery via jump drive, CD, floppy disk, e-mail, or upload ... including large exhibit .pdf files

TOP-OF-THE-LINE HARDWARE:

- **IBM (Lenovo) laptop** with all bells and whistles, including docking station, loaded, 24/7 next-day onsite warranty service
- Fully equipped for multiple **realtime hookups** at the job site, or through USB wireless, or even better, remote online hookups to off-site clients
- Steno machines: Stenograph **Mira**, and backup **Stentura**, well-serviced
- **Two extra realtime netbooks** available at job site just in case a client's laptop or software isn't hooking up, or there is a hardware problem. I also can troubleshoot with the best of reporters.
- **Mobile Color Printer** (Canon iP100), **Mobile Color Scanner** (NeatWorks), and **Digital Camera** (Canon Rebel XTI) at deposition, trial or arbitration site, just in case ... all capable of fast, high-quality results – on-site exhibit scanning and printing for documents and photos
- **Total Eclipse** court reporting and captioning software, by Advantage Software. The latest and greatest upgrades and updates, and full 24-hour software support for troubleshooting all problems that may come up in your deposition, trial or other proceedings
- And ... I can get it all on a plane!

Quality, Timeliness, No Excuses
